TRANSPORT FACILITIES

The distinct feature of our transport system is that each bus is boarded and deboarded from within the school campus under strict supervision. Our buses are supported with an expert driver and an attendant. For security and safety each bus is equipped with a First Aid Box, A Mobile phone CCTV Camera, GPS Device, Speed governor and a Fire extinguisher. We cater to several areas including Ujhani, Bilsa, Sahaswan, Budaun, Soron, Nagaria, Shekhupur and nearby town etc. "Transport facilities are separately booked and charged. Transport service once taken cannot be withdrawn in mid session." Transport Charges are to be paid in advance every month.

HOUSE SYSTEM:

All students are divided into four houses - Ruby House, Topaz House, Emerald House and Sapphire House. Every student belongs to one of these house. Each house has its colour and Inter-House competitions are organized in games, sports and in co-curricular and extracurricular activities such as elocution, debate, quiz, music, dance, art etc.

BLESSINGS FROM CHAIRMAN SIR...

In the 21st century, where knowledge is changing so rapidly, it is very important that emphasis should be on skill development rather than only knowledge acquisition and focus on teaching the child than only on teaching the subject. It is hence, very crucial that skills such as collaboration, communication, critical thinking and character are developed in each child.

It is my advice to all members of APS International school to constantly improve the system of teaching in the school. I have also instructed them to make full use of new age technology available these days.

In the end, I extend my best wishes to all students and staff of the school and look forward to further expand the school and reach newer height in the coming years.

VIMAL KRISHNA AGARWAL

BLESSINGS FROM CHAIRPERSON MADAM...

Whenever I am asked to define education, I am reminded of a beautiful quote of Mahatma Gandhi - "Real education has to draw out the best from the boys and girls to be educated." Inspired by this vision and understanding the feelings of mothers of the wards, we decided to come up with a creative step of modernising and innovating the pedagogy of teaching, that is, inculcating moral values, qualities of integrity, honesty, creativity, imagination, perseverance, benevolence, discipline, self confidence and command over communication skills besides academic excellence.

We are at the doorstep of new challenges and opportunities with a pledge of making our school a centre of excellence where a stress free and caring environment is there for the young minds. We seek your vital cooperation and support at all times to accomplish the high standards we have aspired for.

POONAM AGARWAL

FROM THE DIRECTOR'S DESK...

“Somewhere, something incredible is waiting to be known.” - Carl Sagan

I came across this amazing quote quite suddenly and I realised how relevant it is for all of us: children, parents and teachers. There is never any point in the life of a person when he or she can sit back and say. “There is nothing more to learn, I can relax with the comforting thought that the universe around me is an open book. I know it all.”

APS International school aims to prepare the students for a better career and eventually, a happy life. We believe that the strength of the school lies in its teaching faculty and a caring and conducive environment for learning. We believe that every child is unique each one has a different pace of learning, which needs to be discovered by the school. I am happy to say that APS International school strives towards understanding and fulfilling the individual needs of its learners. Devising new pedagogies of teaching, to impart good academics and developing confidence in our children are among the primary objectives of our school. I am extremely glad that APS International school has set benchmarks in the field of education in our region in a short span of time.

A word of advice to our students- Dream and Reach for the Stars

The school takes on the responsibility of nurturing children and helps opening their minds to the wonders of life. All of you are special and we want you to take pride in achievement. **Each job is a self-portrait of the person who does it, autograph your work with excellence.** Think of others who are not as fortunate as you. Learn to excel, value people and individual judgment, be gentle, develop firm opinions, purge your heart of grudges, and work for a better tomorrow, Take pride in what you have, in your school, your city and your nation. Grow up to be responsible citizens. Success cannot be measured by material achievement alone, your contribution to the world and society matters more than what you get out of it.

At the end I would like to thank all the parents who have reposed faith in our institution and the ideals it stands for. Let me assure you that your loved ones are in safe hands. Our staff understands the ethos of the school and helps in guiding and encouraging the children and I am sure that these children will make both you and us proud.

Nilanshu Agarwal

FROM THE DIRECTOR'S DESK...

Dear Parents,

As you embark on the journey of selecting a school for your child, I extend a warm welcome to you at APS International School. We understand the significance of this decision, and we are honored that you are considering entrusting us with your child's most precious years of learning and growth.

At APS, we believe in nurturing not just academic excellence, but well-rounded individuals equipped to confidently navigate the complexities of an ever-evolving world. Our focus is on igniting curiosity, fostering a love for learning, and empowering every child to discover their unique potential.

Within our vibrant learning spaces, you will find an environment that celebrates diversity, inclusivity, and innovation. We offer a curriculum that goes beyond textbooks, engaging young minds through experiential learning, project-based activities, and real-world challenges. Our dedicated faculty, experts in their fields, guide and mentor each student, fostering a strong sense of community and belonging.

At APS, we believe that every child is a unique spark, waiting to be ignited. We offer the fuel, the tools, and the environment for them to light their own way. We encourage them to question, to explore, to dream, and to become lifelong learners.

We invite you to step into our world and experience the magic of APS firsthand. Visit our campus, meet our educators, and immerse yourself in the vibrant energy of our learning community. We believe that APS is not just a school; it is a second home, a springboard for dreams, and a community that will stand by your child every step of the way.

We look forward to welcoming you to our APS family!

Nandita Agarwal

PRINCIPAL'S PONDERING...

*Two men looked out of the window bars.
one saw mud & the other saw stars.*

Dear Parents,

I take the pleasure to welcome you in APS International family. The school which enjoys the status of "Best School of Budaun District."

Purposeful Education with Quality assurance and Discipline are major concern. We at APS believe that every child is unique and blessed with many talents. School is the only platform to polish the talents of one's minds by providing them motivating atmosphere which includes productive learning & discipline. The initial years of their life plays a vital role to make their future bright. The habits and attitude developed in them in these initial years becomes their basic nature. Education with Discipline leads us to a successful life. APS International produces the talents by delivering the best to develop the attitude of young minds to look at the stars rather than looking on the mud.

Looking at stars always encourages us to make continuous efforts to touch the heights which intun inculcate the habits of hard work, positive attitude towards life and a zeal to produce their best.

We, the school and parents have the prime duty to work together for the betterment of the child and our endless efforts to make him/her the asset for their family and the society. The highly qualified staff of APS is generously engaged to contribute for the all round development of the students with their utmost sincerity and devotion.

Wishing good luck to my students and teachers to move forward with positive attitude, to rock on and shine in every field of their life.

I hope you all will join hands to fulfil our aim.
God bless you all,

Ravinder Bhatt

विद्योत्सव The Cultural Fest 2025

AN OVERVIEW

APS International School, established under the aegis of Smt. Santosh Kumari Memorial Charitable Trust, has been at the forefront of quality education since its inception in April 2014. Today, APS international School is a thriving Co-educational institution affiliated to CBSE New Delhi. We offer innovative and refreshing new approach to education that combines contemporary learning techniques and principles with a balance of personal development, spiritual growth and physical challenge.

The school building stands aesthetically in a lush green campus spreading in over 5 acres of land. The school provides quality education to students from classes Nursery to XII. Its is located on Bareilly-Mathura Highway, Budaun Road, Ujhani, Budaun, Uttar Pradesh.

It is the first hi-tech school in Budaun district which has been adjudged as the no. 1 CBSE school in Budaun by prestigious Education Today at "India School Merit Awards" held on 8th December 2018 at Hotel Chancery Pavilion, Bengaluru. The Board of Management comprises of eminent personalities from all walks of life.

Our school motto- "Learning Today, Leading Tomorrow" is reflected in every aspect of school's activity and operation. We, at APS International School, believe that the fundamental purpose of education is to encourage the children to bring about positive modification in their behaviour as they ascend the ladder of learning and knowledge.

OUR VISION

To provide, in partnership with the parents, a stimulating learning environment in which every child is cared for and valued for their individuality, creativity and heritage. Within a green, safe and caring campus, we will ensure that students of all ability levels are able to excel.

We will encourage each student to achieve his/her full potential by promoting curiosity and enthusiasm to ensure that our children leave school with:

- A set of spiritual and moral values - honesty, integrity and good judgment.
- ÷ An enquiring and discriminating mind and a desire for knowledge.
- ÷ Strong self-esteem and high personal expectation.
- ÷ independence and confidence.
- ÷ tolerance and respect for others.

AWARDS & RECOGNITION

APS International School, a very young and progressive school in the region has made its mark on the sands of time as we have been awarded:

The No. 1 CBSE School in Budaun District by India School Merit Awards (2018-19)

It is not a small achievement as we had constantly worked hard with patience and perseverance with the sole aim of overall development of our students. The Students and staff together have created a successful community where students learn the skills for success.

As a school we believe in the all round development of the child. Academic success is important and makes a difference, however we do realize the importance of games and sports, dramatics elocution, declamation, debates and various other cultural and extra cultural activities. In compliance with CBSE norms, we follow up all updates and make progressive changes in the curriculum as and when required. We have included health and physical Education period on a daily basis.

We also promote patriotic, social and moral value education so as to inspire them to be worthy citizens of the country.

We also encourage students to pursue their hobbies in leisure time and help to inculcate habits of personal as well as social hygiene for a happy and healthy life.

Education today has presented this award for exemplary contribution in the field of education after extensive research and analysis on a number of parameters in various schools across the country.

We have been ranked Top City Wise CBSE School. The school has already received an appreciation letter from the CBSE regional office for the outstanding results in Class X & Class XII Board Examination giving 100% results each year.

ANOTHER FEATHER IN THE CAP -

Aps International School, Ujhani Has Been Selected To Set Up Atal Tinkering Lab

ATAL TINKERING LAB: A ROBOTICS AND STEM LAB

Only a handful of schools across the country have been selected to set up this special lab for the aspiring young leaders of tomorrow. Having achieved this remarkable feat, APS International School becomes the pioneer school in the region to bring Robotics and innovation revolution in the education system from this session onwards. Atal Tinkering Labs, under the Atal Innovation Mission of the NITI Aayog are being established as innovative maker spaces, setup across India, accessible to every child. Equipped with modern technologies to help navigate and impart crucial skills in the age of the fourth industrial Revolution, the ATLs are at the vanguard of the promoting scientific temper and an entrepreneurial spirit in children today. As the world grapples with evolving technologies, a new set of skills have gained popular acceptance and have come to be in high demand. For India to contribute significantly during this age of rapid technological advancement, there is an urgent need to empower our youth with these "skills of the future."

FACILITIES

- ÷ Sprawling lush green campus in 5 acres of land.
- ÷ Fully air conditioned pre-primary wing for classes Pre-Nursery to IV.
- ÷ Class rooms are equipped with Interactive panels.
- ÷ Qualified, experienced and well trained teaching faculty.

- ÷ APSIS is the only school in the region to have an ATAL Tinkering Lab (a robotics lab) provided by NITI Aayog, Govt. of India.
- ÷ A school infirmary supervised by trained and qualified nurse is equipped with beds and all necessary equipment and facilities to address the immediate needs while in school. In the event of an emergency requiring medical attention, school doctor is a call away. Basic first-aid kits have been made available in high risk areas such as labs and school buses.
- ÷ All required fire safety equipments are available in school.
- ÷ 3 Stand by noiseless eco-friendly generators ensure uninterrupted power supply for the entire infrastructure.

ACADEMIC PROCESS

Our academic curriculum is strictly as per CBSE norms, which is meticulously planned and upgraded every year after assessing the learning outcomes at the end of each academic session. The core curriculum has activities and assignments suited to all learning styles so that we can foster amongst our children, enquiring minds. Courses follow an integrated approach ensuring the children learn to be creative, become thinking individuals, learn to assess problems and find solution. They ought to take their own decisions and learn to question critically in order to be strong, both mentally and emotionally.

Extra Co-Curricular Activities

A part from sports, the school Programmes introduces students to various literary programs such as the visual and performing arts, dance, theatre, music and art. They are encouraged to take part in intra and inter school competitions. We focus on an all-rounded educational programme so that our students receive a holistic edification. Our students are global citizens who should have the required skills to take on any challenge that life may

A HEALTHY MIND DWELLS IN A HEALTHY BODY

Physical endurance is a prerequisite for a fit mind. Valuable lessons are learnt on the playing fields and it is imperative that the students learn to play fair.

The School infrastructure supports a large number of outdoor sports including cricket, football, basketball, Volleyball, Kabaddi, Athletics and Kho-Kho and indoor sports including Badminton, Table Tennis, Taekwondo, Chess And Carrom.

TEACHER: THE FIRST STEP TO A DYNAMIC NEXT GENERATION

It is our belief that excellent teaching begins with a strong relationship between students and teachers. Our faculty is passionate, talented and skilled to provide a dynamic and rewarding learning experience for pupils. We are proud to have a competent and qualified teaching fraternity that possesses a wide range of experience. Our lead teachers have been certified with degrees that are approved by the international educational bodies. To help teachers deliver student-centered teaching model, all classrooms have been equipped with the latest version of smart digital boards. These tutors have been trained to specialize in teaching and counselling; to act as mentor and guide to provide emotional support to students when required. Our faculty attends educational seminars and symposia conducted nationally and internationally to understand the changes in the educational scenario. Orientation programmes and periodic parent-teacher meetings are conducted to help parents understand the curriculum and teaching methodology adopted by the school.

The school is diverse in terms of culture, religion, race and economic backgrounds. Students learn teamwork, honesty, sharing, caring and empathy when they play together. It is compulsory for all students to take part in an activity of their choice.

DIGITAL CLASSROOMS

In present times, knowledge is not confined to textbook. We are a part of a world where education goes beyond school books. APS International School comprehends the current trends and believes in leaving no stone unturned to educate its learners in all areas. We realize the worth of electronically supported learning and teaching. We have information and communication system to assist learning.

Hence, our classrooms are equipped with digital aids including interactive boards, ultra short throw projector and speakers provided by next education and extra marks having content in well designed modules for all classes and all subjects.

LABORATORIES

Laboratories are a seed ground where students get to explore, question, invent and deduce findings and learn in a collaborative way. Keeping in mind the famous Chinese proverb "I hear-I forget; I see -- I remember ; I do -- I understand". The school boasts of separate lab facilities for all subjects, that is Social Science, Mathematics, Physics, Chemistry, Biology and Computer Science, Language Lab, Physics, Chemistry and Biology Lab have fully equipped teaching stations at the front of the room. They can see instructional demonstrations before they conduct experiments themselves. Each Lab has a spacious work area and at a time 40 students can be involved in experimentation. All the labs are equipped with computers. Trained Lab assistants help in the maintenance of Labs.

INNOVATIVE MORNING ASSEMBLY

In any good school, morning assembly is mandatory to begin the day with. Every day, all students assemble at the assembly hall or a ground and begin the day with a prayer. General news reading followed by delivering the thought of the day and asking ten general knowledge questions is a routine process in the morning assembly. Sometimes, students even make a speech on the charge of the assembly meeting. Special Assembly is held on days of significance.

This is how a usual day with an assembly meeting starts at the school. School assembly clarifies school activities and lays out program focusing on the co-curricular activities. It simply strengthens the way a school works. It is conducted with a complete and active participation of the students, and the teachers. Assembly is conducted classwise in which students come roll number wise so that all students and classes get the chance to learn to conduct the assembly and prepare for it under the guidance of

WORKSHOPS

Workshops are important within school environment to promote well being and happiness for our pupils, but also for raising awareness with the community in general. They provide the right guidance and advice to support everyone involved with our taking away the "Protective" role for-they just provide the helping hand when needed. Here are some of the workshops that are conducted in school in every academic session:

Hygiene and sanitation workshop, Adolescence workshop, Gender Sensitivity Workshop subject orientation workshop, Life skills Workshop, Good Touch Bad Touch Workshop, Subject Orientation workshop, Parent Orientation Programme.

STUDENT COUNCIL

The formal link between faculty and student is the democratically elected student council. The Student Council is involved in a wide range of duties including organization of disciplinary system and peer-counseling.

ENGLISH COMMUNICATION

English is the compulsory language in the campus of the students. Regular English conservation Classes are held for the children to learn to speak in English. In order to motivate the students positive credit points are awarded to the student if he/she communicates in English. English language lab is set up to enhance the concept using digital aids.

CONTINUOUS AND COMPREHENSIVE APPROACH

This system involves evaluating the students regularly through periodic test/cycle test to ensure comprehensive understanding of the syllabus completed by the teacher. This helps to diagnose the learning gap in order to take necessary corrective steps towards it. This gives feedback to the teachers of their teaching methodology.

PLANNED HOMEWORK

Worksheet concept is followed while planning the homework. Creative and analytical worksheets are designed for the students based on the syllabus of their respective classes. This helps them to further revise and understand the taught concept.

PARENT-TEACHER MEET

Parents are the important pillars in the growth of any child. Parents are encouraged to visit the school and discuss their ward's performance with the teachers on PTM day. This enables teachers and parents to mutually discuss child's academic achievements, physical growth, emotional stability, psychological behaviour and many other related areas that influence a child's total personality.

SCHOLARSHIP & AWARDS

School awards medals and certificate for each tournament and competition. Meritorious students are awarded every year at the end of every session. Trophies and Shields for inter house competitions and major events are also awarded for team work. Special Scholarships and cash prizes are given to the top rankers of board classes and students who have shown dramatic progress in academics.

EVENTS AND COMPETITIONS

Besides academics, APSIS offers many co-curricular activities to create a positive learning environment which provides students the freedom to learn, grow and to be what they ought to be. A child needs both, freedom and discipline. Freedom inspires creativity and through discipline he finds the correct expression. It is therefore necessary to balance both for personal development.

Keeping this in view the school organizes various inter-class activities and competitions. The school promotes multi dimensional activities and competition that include-debates, spellathon, creative writing, poem recitation, story narration, quiz, best out of waste, drawing, rangoli making, fancy dress, dramatics Dance & Sports.

HEALTH CARE

The school has an infirmary supervised by a full time nurse with first aid facilities. Regular health checkups are done by reputed medical practitioners from medical college. In case of immediate medical help best and renowned doctors are a phone call away.

SCHOOL RULES

ADMISSION:

Parents seeking admission of their child will be required to first get their child registered. For this they would have to obtain a registration form and prospectus from the school's office on cash payment. Complete registration form should be submitted in the school's office.
